

NEW ERA TRAINING CENTER, INC.

Building Today's Foundation for a Better Future

School Objective

It is our primary goal to prepare our students for financial independence and we are committed 100 percent to fulfilling that goal.

New Era Training Center, Inc. provides hands-on quality training targeted to meet the needs of the job market. Our programs are especially designed so that the student can get the most out of his/her training. New Era Training Center, Inc. provides valuable work etiquette training along with proper written and oral communications through work projects. Our program teaches the student to learn to use the latest computer hardware and software such as word processing, spreadsheet and database management programs.

Our instructors bring to the classroom real-life experience. The school focuses on teaching programs in the best way possible for the student to be able to get the most out of each program.

Once a student has completed the training program, the school will provide assistance in finding employment in a chosen career field.
